Ellipse Light: Permanent Hair Reduction

The unique Ellipse Intense Pulse Light System (IPL) uses short, safe bursts of light emitted from a flash-lamp to remove unwanted hair from all body sites in minutes. The pigment in the hair (melanin), absorbs the light converting it to heat and destroying the hair follicle making it unable to produce new hair.

In addition to permanent hair removal the Ellipse IPL is also used for:

Skin Rejuvenation, Thread Vein Removal, Pigmentation and Sun Damage, Acne Clearance

Price available on request.

Complete Medical Beauty Package

Consultation £40 Redeemable against your first medical treatment.

Line smoothing by injection (Botox)

An effective treatment for softening and smoothing of expression lines i.e. frown lines, crows feet.

Fillers

Using natural products to enhance the following:

Nasolabial Folds

Oral Commissures

Cheek Enhancement

Frown Lines

Lip enhancements and Smokers Lines
